Auricular Acupuncture

**If you work with people who have pain,
You do not want to miss this training program!!**

Learn European Ear Acupuncture (Auricular Acupuncture) as developed by Nogier, Bahr and our Principle Instructor, Dr. Beate Strittmatter. The great accessibility and effectiveness of this medicine makes it indispensable for successful diagnosis and treatment of many difficult cases.

Seminar One: Precise Auricular Acupuncture (3 days)

***Textbook** - Ear Acupuncture: A Precise Pocket Atlas Based on the Works of Nogier/Bahr, 2003, by Dr. Beate Strittmatter. Thieme, New York.

Knowledge of auricular therapy; including history, principles of diagnosis, therapeutic considerations and ear anatomy are presented in this seminar. These 3 days provides students with a good understanding of European Auricular Acupuncture, clinical practice of precise point finding and treatment, as well as a basis for case taking and management. Practitioners will develop their own clinical case studies post seminar.

September 24 - 26 2004, 9 am to 5 pm each day.

Location: Queen Elizabeth Hospital, Charlottetown, Prince Edward Island

Instructors: Peter Gross, M.D. and Muriel Agnes, PhD.

Tuition: \$550. (Cdn.) if registered by July 30

Includes 21 training hours, 3 catered lunches and snacks.

REGISTRATION DEADLINE - July 15 2004. Tuition \$580 after July 15

Seminar Two: Auricular Medicine - Identification and Treatment of Blockages (3 days)

***Textbook** - Identification and Treatment of Blockages to Healing, 2004, by Dr. Strittmatter. Thieme, New York.

Following a review of acupuncture knowledge of Seminar One, students will learn the European Auricular Medicine pulse - **the Vascular Autonomic Signal (VAS)** - for use as an extremely accurate tool for both diagnosis and treatment. The full **Auricular Medicine Protocol** for the treatment of blockages to healing will be taught.

October 29 - 31 2004, 9 am to 5 pm each day.

Location: Halifax - specific venue to be announced.

Instructors: Beate Strittmatter, M.D., Peter Gross, M.D., Muriel Agnes, PhD.

Tuition: \$680. (Cdn.) Includes catered lunches and snacks.

REGISTRATION DEADLINE - Sept 10 2004. Tuition \$700 after Sept.10

Presents

Seminar Three: Treatment Options Using the VAS (2 days)

This seminar opens up a number of practice opportunities for practitioners by introducing a variety of options with the use of the VAS - for diagnosis of food and environmental intolerances, vitamin and mineral deficiencies, ideal supplements, and the state of body meridians. The first day will be focussed on theory and the second will be clinical practice. This seminar is most useful to students who are familiar with the VAS, even if not yet proficient.

November 1 - 2 2004, 9 am to 5 pm each day.

Location: Halifax - specific venue to be announced.

Instructors: Beate Strittmatter, M.D., Peter Gross, M.D., Muriel Agnes, PhD.

Tuition: \$375. (Cdn.) Includes catered lunches and snacks.

REGISTRATION DEADLINE - Sept 10 2004. Tuition \$400 after Sept. 10

Please Note -

Vital Principle Institute offers a full 300-hour Certification Program in Auricular Medicine. Level One Certification is awarded with 120 training hours, including case study reports and successful completion of an exam. Practitioners' Certification is awarded for 300 study hours. Students build their hours through the Seminars, the root of the program, as well as through Practice Workshops, Case Study reports and student study. The latter are essential to become competent in the skills introduced in the Seminars.

Each of these Seminars is open to new students who may not be interested in the Certification Program. There are no prerequisites for Seminar One. Seminar Two and Three are recommended for practitioners with experience in auricular acupuncture and auricular medicine, or who have completed Seminar One.

Students repeating a Seminar are eligible for a 20% Discount. Please note this on your registration form if applicable.
