**DESCRIPTION**

This book encompasses body contouring procedures for patients of various body types. Edited by Dr. Aly and Dr. Nahas, it reflects the significant contributions to the art of body contouring from Brazil and other South American countries. Chapters are organized in a consistent format and the book is beautifully illustrated with over 1,000 pieces of full-color art and photographs. Numerous operative videos documenting the procedures in the book are included.

**SALES HOOKS**

- Features new videos with multiple procedures
- Provides stepwise guidance
- Beautifully illustrated with over 1,000 pieces of full-color art and photographs
- Written by world authority surgeons who are leaders in the field

**COMPETITION**
