Dear Respected Member of our community,

The Archives of Plastic Surgery is the leading plastic surgery journal in Asia and is the official journal to 5 national societies – Korea, Thailand, Singapore, Hong Kong and Indonesia. Currently it is indexed in most of the citation indexes and currently is an ESCI journal. The Korean Society of Plastic and Reconstructive Surgery owns the right of the journal and has partnered with Thieme to bring the latest innovation and knowledge in plastic surgery.

At Archives of Plastic Surgery, we value each and every donation we receive from our supporters.

As one of the leading companies in our field, it is with honor and privilege to invite you to partner with us to strengthen and promote the field of plastic surgery together. Your involvement would help highlight the importance of recognizing plastic surgeons from all over the world who constantly strive to bring new ideas and information to better the patient life.

With this in mind, we would like to thank you and remind you how your donations help the contributors and the readers of the journal.

With all the sponsorship, first, the contributor from the developing world receives a scholarship waiving them of publishing fees. In order to give young surgeons from these countries the opportunity they deserve, it is only with your help that they will be granted this gift. Second, review article from leading surgeons and physician around the world would be invited and published allowing the readers to be updated with the most recent trend and knowledge of various fields and subject.

I hope that you are interested in joining our effort to expand the knowledge of plastic surgery and to show our respect and gratitude to your generous sponsorship, we will be advertising your company logo and link on our journal webpage.

I hope to hear from you soon.

Please contact Jessica Ehmann at Thieme (Jessica.Ehmann@thieme.de) for further details and information.

Thank you once again.

Sincerely,

Joon Pio Hong
