Part A:

Journal of Neurological Surgery Part A: **Central European Neurosurgery** is a peer reviewed journal publishing original articles and reviews on all clinical, research, and practical aspects of neurosurgery. It is the official organ of the Deutsche Gesellschaft für Neurochirurgie and the Berufsverbandes Deutscher Neurochirurgen, and as such is distributed to all members as part of their membership packages.

Specialties

The focus of Journal of Neurological Surgery includes microsurgery as well as the latest minimally invasive techniques, such as stereotactic-guided surgery, endoscopy, and endovascular procedures.

Readership: Neurosurgeons

Frequency: 6 issues/ year

Part B:

Journal of Neurological Surgery Part B: **Skull Base** offers readers an interdisciplinary perspective on the common practices of physicians involved in the management of patients with skull base disease. This peer-reviewed journal publishes original research articles as well as reviews and technical notes addressing specific clinical problems relative to the skull base.

Specialties

Journal of Neurological Surgery Part B: Skull Base is an invaluable resource for all skull base surgeons, including those specializing in otolaryngology-head and neck surgery, maxillo-facial surgery, neuro-ophthalmology, neuro-radiology, neurosurgery and plastic surgery. It is the official organ of the North American Skull Base Society, European Skull Base Society, German Skull Base Society, British Skull Base Society, Japanese Skull Base Society and Korean Skull Base Society.

Readership: skull base surgeons, otolaryngology-head and neck surgeons, neurosurgeons,

Frequency: 6 issues/year
